

The diagram shows a vertical page layout with several distinct zones and lines. At the top, there is a 'Beachflag kader' (Beachflag frame) indicated by a red line. Below it is a 'Marge lijn' (Margin line) indicated by a green line, which is described as the area where text and logos are placed. The main body of the page is divided into three horizontal sections: 'Zwart elastiek' (Black elastic) at the top, 'Wit elastiek' (White elastic) in the middle, and 'Meegedrukte Tunnel' (Compressed Tunnel) at the bottom. A 'Eventuele overdruk' (Possible overprint) is indicated at the very bottom. A black dot on the left side is connected to the 'Wit elastiek' section. A black dot on the right side is connected to the 'Beachflag kader'.
